Cornwall's Local Offer can be found on The Cornwall Family Information Services (FIS) website: <u>http://cornwall.childrensservicedirectory.org.uk</u>

12. Pupil progress.

Parents meet with the SENCo and class teacher termly to discuss concerns and set targets for the following term using an Individual Education Plan (IEP). IEPs are completed for children with a statement or EHC or for children who require an IEP but don't have a statement or EHC. The concerns are discussed and actions are noted. An annual review is held to update progress and provision for those with a statement or EHC. An open door policy is used for parents to access the SENCo or class teacher as and when is needed at an appropriate time. Pupils are tracked using Classroom Monitor or if they are working below Year 1 level, their progress will be recorded using P scales. Progress is formally updated termly by the class teacher and fed back to the SENCo.

13. How we know how good our SEN provision is.

We are always looking at ways to improve our knowledge and delivery of support to children with SEND. Staff are individually trained in areas that are of benefit to the children they work with regularly and we are developing roles across the school for individuals to be specialists in certain areas. This will be by the appointment and training of Dyslexia and Autism Champions as well as appointing a trained Thrive practitioner.

As a small school, we are a friendly and approachable team with regular contact with parents and outside agencies. We see good practice as high quality first teaching. We are inclusive and we cater for a range of needs across the school. We are widely known for being a school that is a community based village school that includes all children regardless of their needs. Close relationships with outside agencies provide us with specialist support that is tailored to the individual child. This provision is reviewed, updated and amended as needs change and staff are trained in a range of skills to allow for this individual provision to take place.

14. If you wish to complain.

If you wish to complain, contact the Head of School Gemma Hooper or the Executive head teacher Sally Olford. Appointments or contact details can be obtained from the school office.

Frequently asked questions:

- 1. What should I do if I think my child may have special educational needs? Discuss this with the child's class teacher and the SENCo. They can help you pin point any concerns and share experiences in school.
- Who is responsible for the progress and success of my child in school? The class teacher is responsible for the progress and this is overseen by senior leaders and the SENCo where necessary.
- 3. How is the curriculum matched to my child's needs?

Each child is taught according to their age. This corresponds to the National Curriculum. E.g a Year 5 child works at the Year 5 standard in the Curriculum. For children working below their age expectation, the Curriculum is tailored to suit their needs. This might be at a lower age level or at P scale level. For children who are exceeding their age expectation, they deepen their knowledge and understanding of that standard rather than move up to the next year group.

4. How do school staff support me/my child?

The school will do whatever possible to support parents and children and will respond to questions or concerns with a positive approach.

- How will I, and my child, know how well they are doing?
 Termly meetings will be held for children who require a lot of extra support or if they have an IEP, statement or EHC.
- 6. How can you help me to support my child's learning?

We can give you suggestions based on evidence from our professional experience, recommendations from outside agencies and other professionals, sign post you to parent support groups or parent training sessions and help you to understand your child's next steps.

7. How is my child included in activities outside the classroom including school trips?

Careful planning goes into school trips. Each child is encouraged to participate in at least some of the activities to provide them with experiences outside of the classroom.

10. How accessible is the school environment?

The school is wheelchair user friendly and has a disabled parking bay outside the front of the school. Each classroom has an external door that leads out to the playground where children assemble for fire drills, home time and play time. We have two disabled toilets with changing facilities in one.

- 11. How will school prepare and support me/my child through the transition from key stage to key stage and beyond? Your child will have planned transition days with their peers and they have the opportunity to chat with all staff members on a regular basis through playground duty, meeting and greeting in the morning, breakfast and after school clubs and assemblies.
- 12. Who can I contact for further information?

Your child's class teacher is the first point of call followed by the SENCo and then the Head of School.
