

## Friday 27th November 2020

Another busy week at Whitemoor with lots of fun learning taking place! The children have been going on walks to explore the local area, learning new skills in PE by playing hockey, and in Nursery they have been making what might be the world's longest paperchain!

The winter weather has certainly arrived but signs of Spring are already here as we have spotted the daffodil bulbs we planted are starting to shoot, the children are excited to see how they will look in flower .

Maria Rundle  
Head of School

## School Photos

You should have now received your child's individual photo. This year we are asking that all orders are made online. The orders will then be returned to the school.

Unfortunately due to the current climate we are unable to take cash payments in school for the photos.

The website address is to order the photos is: [www.tempest-orders.co.uk](http://www.tempest-orders.co.uk) This can also be found on the order form.

Each order form contains a unique order reference code which can be found underneath the barcode below the photo.

The Web Access Code that is required can also be found on your forms.

Postage and packing will be free if ordered within 7 days.

## Nursery

It's been another fun week for the nursery children. Christmas songs have filled the nursery as have the decorations!

## Class 1

This week the children have been working hard to share their understanding of the Great Fire of London. They have been making Tudor houses in different ways and finding ways to stop the fire in the water tray. A great week of learning!

## Class 2

Class 2 enjoyed a walk along a beautiful wooded path this week. As the sun shone brightly, they observed deciduous and evergreen trees, using a key to help identify the trees, and looked at the plants that can be found in late Autumn. It generated some fantastic discussions about living things and how plants grow, as well as some skilled sketches of their observations. We look forward to using our observations during science next week.

## Class 3

Class 3 finished off their racetracks and navigated their vehicles around the circuit using magnetic force. We were able to use our data to build our bridges high enough that the pulling force of the magnet would still move the vehicle. We have been adding extra information to our playscripts this week, ready to act them out.

In maths, we have been multiplying and dividing as well as investigating perimeter of a rectilinear shape. In PSHE, we have been finding out how amazing we are, by thinking about what we are good at and what makes us so special.

## Class 4

Another busy week for Class 4!

We have worked really well in Maths this week and are trying hard to apply what we have learnt about factors and multiples to our understanding of Prime and Composite numbers. In English, we are starting to research The Roman invasions to enable us to write a chronological report and in Science we are writing the conclusion to our investigation about shadows.

We are also starting to practice our songs ready for recording our Christmas performance...watch this space for details!!

### Headteacher's Awards

**Nursery: Abbie**

**Class 2: Athena**

**Class 1: Eva-May**

**Class 3: Kimberly**

**Class 4 : Sienna**

### Forthcoming Events

**16th December** - Christmas Dinner Day  
(children are welcome to wear **Christmas Jumpers** for the day).

**17th December**—Last day of Autumn term.

**18th December to 1st January**— Christmas Holidays

**4th January**- Inset Day (School closed to pupils)

**5th January**—First day of Spring Term
